TELEX/RTS WELCOMES BACK DAVID RICHARDSON AS WESTERN REGIONAL MANAGER

Burbank, CA (January 30, 2004): RTS digital matrices and intercom is happy to welcome back David Richardson as Western Regional Manager. Richardson continues a long and distinguished career in an industry he helped evolve. David originally started in the test department at RTS in 1980, a position he occupied for the next four years. David was then a Systems Engineer at RTS up until the late '80s, when he became Western Regional Manager at McCurdy Radio Industries. Since McCurdy was purchased by Telex two years after he joined, Richardson became Western Regional Manager for RTS throughout the 1990s until 2001. David returns to his position at RTS as of January 2004, bringing with him well over 20 years of expertise and experience across the field. During this time David has made a lot of friends in the industry - RTS is pleased to welcome him back to the team.

David commented: "Over the course of my career I've seen the world of digital matrices and intercom develop exponentially in working on the cutting edge with Telex/RTS. I remember the old days very well, working with many of the great people who got this industry off the ground, just as I look forward to being
