EV® X-LINE IMPRESSES AT "PHANTOM OF THE OPERA," VILINIUS, LITHUANIA

Vilnius, Lithuania (May 21st 2004): Andrew Lloyd Webber and Tim Rice's perennially popular musical "The Phantom of the Opera" was staged in an appropriately grand fashion in Vilnius, Lithuania, on May 21st. This show involved production expertise from all Baltic States, including the sound system – centered around equipment from EV® and Midas.- provided by MEX (Muzikos Ekspresas) of Vilnius (www.mex.lt). The show featured stars of the stages of London's West End and Royal Theatres like James Graeme, whose performance as the Phantom is considered among the finest, and Katrina Murphy, who played the role of Kristina with equal finesse. Swedish Musical Director Per Engstrom combined his talents with the guaranteed performance of the EV X-Line arrays to ensure that "Phantom" lived up to its reputation.
