

FORCE i

As the entry-level EV speaker series, Force i Series is anything but amateur. Built for the professional on a budget, Force i Series boasts great sound, portability and outstanding value. Each Force i system is easy to transport and simple to setup making it perfect for performers, DJs on the go, school functions, bands, or anywhere great sound and portability are required. Featuring integrated metal stand mounts, durable heavy duty carpet enclosure covering, and ergonomic handles, Force i Series is ready to handle the abuse of the road. Tops and subs are designed to work together as a system, efficiently using a single amplifier channel to drive both. EV components with concert sound lineage and patented Ring Mode Decoupling (RMD™) technology provide outstanding intelligibility and sound quality that will make everyone think you paid twice the price!

Force i Sub

- 700 watts [program power handling]
- 18-inch cast frame woofer boasts a four layer voice coil and nearly two inches of excursion
- integrated input filter
- Included 34-inch steel pole for mounting
- "luggage style" telescoping handle for easy transport

Force i25

- 1200 watts [program power handling]
- dual 15" two-way system with the heart and soul of a subwoofer
- SHADED ARRAY design – upper woofer covers bass and mids while the lower woofer combines to drive the huge port with room-shaking bass
- rugged DH3 1-inch titanium diaphragm compression driver
- 80° x 55° low distortion Constant Directivity™ horn
- built-in pocket wheels for easy transport

Force i Monitor

- 500 watts [program power handling]
- efficient 12-inch woofer with crystal clear reproduction of vocal frequencies
- 55° x 80° low-distortion Constant Directivity™ horn
- ultra compact multipurpose design

Force i E

- 500 watts [program power handling]
- rugged DH3 1-inch titanium diaphragm compression driver
- 80° x 55° low distortion Constant Directivity™ horn
- Barrier Port™ design minimizes out-of phase internal reflections
- compact trapezoidal enclosure

For maximum performance power Force i with an Electro-Voice CP2200 power amplifier
